

The Hosts:

### **ANJUMAN-I-ISLAM'S AKBAR PEERBHOY COLLEGE OF EDUCATION**

The vision of a group visionaries and philanthropists led by Justice Badruddin Tyabji fructified in the establishment of the first educational institution for the Muslim community in 1874 then city of Bombay. His vision was to create a strong education base all over Maharashtra. ANJUMAN-I-ISLAM'S AKBAR PEERBHOY COLLEGE OF EDUCATION an affiliate of the University of Mumbai was established in the year 1990 and celebrated its silver jubilee in 2015. Over the years the College has metamorphosed into a responsible agency, committed to upholding the tenets of the Anjuman-I-Islam and the University of Mumbai. Blessed with trained staff with 18 to 27 years' experience who keep pace with the changes in the methods in teacher education, the College produces teachers who focus on serving society. We have organized State Level Seminar on "Addressing Diversity" and a National Level Seminars regular on "**Nurturing Learner Autonomy**" & "**Towards Excellence in Teacher Education**" in the earlier years and are in the process of publishing the proceedings of the National Level Seminar. Institution has published Two Books with ISBN. We have also started the **Spread A Smile Campaign** and have undertaken various activities under this campaign. we are organizing In-service Teachers' Training Programme for teachers of Anjuman-I-Islam Institutions since 1999.

### **SAINATH EDUCATION TRUST'S H. B. B.Ed. COLLEGE**

Sainath Education Trust's H. B. B.Ed. College was established in 2006 with a view to provide increased access in higher education particularly in teacher education. The college is affiliated to University of Mumbai and recognised by National Council of Teacher Education (NCTE). The future classroom teachers need to be equipped to meet the emerging

challenges, therefore teachers need to be oriented with emerging issues and challenges. In that direction we have started the tradition of organising seminar series. In the beginning we organised a State level seminar on "**Counselling-a silent necessity**" in 2011 and the trend continues by organizing a seminar/conference/workshop every year. This year we are organising a seminar in collaboration with Anjuman Islam's Akbar Peerbhoy College of Education on the effectiveness of teaching, synergistic classroom as per the ability of students which reflects on students learning. So we decided to keep the seminar on "We are teaching, Are they learning?"

### **ABOUT THE SEMINAR:**

As educators, we often hear of our students lacking motivation to learn and study the subjects that we are teaching. Often, we're concerned with the quality of our teaching in the classroom and whether it brings out the desired response from our students. Yet, another important part of students learning is their ability to revise what they have learnt in class in their own free time. Students can understand the concepts taught from their own point of view and at their comfortable pace since lessons are taught at an average speed in classrooms. Some methods of studying are inherently more fun and effective than others and they can give rise to profound differences in passion and motivation for the subject.

We teachers don't just teach our students content-based knowledge based on the subjects we teach. We are the primary coach and mentor for our students when they are still learning how to learn. Teaching them how to learn effectively and a growth mindset gives them perhaps the most valuable life skill they can pick up in schools. It's the greatest gift a teacher can give to a student.

### **OBJECTIVES:**

1. To evaluate the effectiveness of teaching.
2. To assess the various methodologies used in teaching as per the ability of students.
3. To know the effect of synergistic class room.
4. To analyse the impact of synergistic class room on teaching learning.

### **SUB TITLES:**

1. Effectiveness of teaching.
2. Teaching the way, the student learns.
3. Creating a synergistic class room.
4. Reflection of teaching.
