

## ABOUT ANJUMAN-I-ISLAM.

The vision of a group visionaries and philanthropists led by Justice Badruddin Tyabji fructified in the establishment of the first educational institution for the Muslim community in 1874 then city of Bombay. His vision was to create a strong education base all over Maharashtra. ANJUMAN-I-ISLAM'S AKBAR PEERBHOY COLLEGE OF EDUCATION an affiliate of the University of Mumbai was established in the year 1990 and celebrated its silver jubilee last year. Over the years the College has metamorphosed into a responsible agency, committed to upholding the tenets of the Anjuman-I-Islam and the University of Mumbai. Blessed with trained staff with 17 to 26 years' experience who keep pace with the changes in the methods in teacher education, the College produces teachers who focus on serving society. We have organized State Level Seminar on "Addressing Diversity" and a National Level Seminar on "Nurturing Learner Autonomy" in the earlier years and are in the process of publishing the proceedings of the National Level Seminar. We have also started the Spread a Smile Campaign and have undertaken various activities under this campaign. Every year we also organize an In-service Teachers' Training Programme for teachers of Anjuman Institutions.

## ABOUT MANJARA CHARITABLE TRUST

Manjara Charitable Trust is a renowned trust in Maharashtra, a social welfare organization whose goal is economic, social, political and cultural upliftment of masses in Maharashtra by providing quality education. Shri Vilasraoji Deshmukh, a distinguished administrator in India and educational visionary founded the Manjara Charitable Trust in 1988. MCT's College of Education and Research is the progenitor of the MCT's idea, which, for nearly three decades has embodied the services relationship to the needs and interests of the people. The College is governed by the voice of many, a shared responsibility of faculty, academic staff and students. From relatively modest beginnings and with judicious application of limited resources, MCT's College of Education & Research has grown into an establishment that is now considered as one of the eminent Teacher Education Institution. MCT's College of Education & Research acknowledges its role as a place of intersection for myriad local, regional, national and international communities, each with the dynamic and widely varied perceptions, interests, demands and contribution. It stands in the midst of an ever-expanding revolution in communication, which influences fundamentally the technology and practices in Education

## ABOUT THE SEMINAR:

**Theme : Towards Excellence in Teacher Education.**

Our vision is to provide future teachers who keep pace with the evolving changes in the world. Thus, our expectations lie with the 21st century teachers who are crucial elements in preparing young people not only to face the future with confidence but to build it with purpose and accountability. Teacher education programmes make every possible effort to stimulate teacher's attitudes to education and produce competent teachers. National Curriculum Framework for Teacher Education (2009) by NCTE observes that the quality and extent of Learner Achievement is determined primarily by Teacher competence, sensitivity and teacher motivation. It is common knowledge that the academic and professional standards of teachers constitute a critical component for achieving educational goals. The seminar will highlight the qualitative reforms in teaching learning process, management, administration and delivery of our teacher education programmes.

### Objectives:

1. To develop awareness of best practices in T.E to meet global challenges.
2. To develop understanding about the facilitative factors in Innovation in Teacher Education.
3. To create a platform for sharing knowledge of quality control indicators in teacher education.

### Sub Titles:

1. Innovation Centred Teaching Learning Process in Teacher Education.
2. Academic and Community Interaction.
3. Academic Administration- Modern Management Trends.
4. Schools and TEI Interaction for Employable Skill Development. Sustainable and Eco-friendly Innovations in Teaching Learning.
